25 Years of Reunification

The German Transition in the Eyes of Belarusians

September 6th – 10th, 2015

„Europäische Humanistische Universität – Förderinitiative e. V.“ (EHU - FI) organizes a “Political Fall Academy” on the topic: „25 Years of Reunification“ in Berlin. In close cooperation with Konrad-Adenauer-Foundation and Humboldt University Berlin Belarusian students are invited to participate at EHU-FI’s annual conference on the history and current state of the German transition. In joint seminars, guided tours, talks with federal politicians and workshops with German students, young and talented Belarusians shall develop own opinions on peaceful transitions as well as learn to work with visual media.

The event will take place during the general celebrations of the reunification in Berlin. Students are encouraged to develop a set of analytical skills to critically evaluate the transitional developments in Germany and eventually use their skills to analyze the political and economic state of Belarus and the countries of the Eastern Partnership. The event will include a visual media training offered by a camera operator from the EHU E-Media Hub. The participants will be encouraged to express their opinion in front of a camera and learn how to use visual media for conveying ideas. The impressions, statements and visions which will be developed during the program by the participants will be filmed and aired.
